STRENGTHEN YOUR WORKFORCE

PARTNER WITH NATIONAL APPRENTICE EMPLOYMENT NETWORK (NAEN) & GTNT GROUP TO SUPPORT YOUNG INDIGENOUS TALENT IN ALICE SPRINGS.

The Indigenous Skills and Employment Program (ISEP) supports 15-19 year-olds entering employment across town camps in Alice Springs.

We know that many businesses in Alice Springs are keen to employ young Indigenous people. However, frontline leaders often lack the training, experience, and guidance to successfully manage and support young Indigenous staff.

WE ARE LOOKING TO PARTNER WITH BUSINESSES WHO:

☑ Are already employing young Indigenous staff
☑ Are looking to hire 5 or more young Indigenous people in the next 18 months

THROUGH THIS PROGRAM, YOUR BUSINESS CAN ACCESS:

- **Cultural Competency Training** for frontline managers
- **Ongoing Mentoring** from a cultural mentor to ensure long-term success
- **Monthly Networking Events** to connect with other local businesses and support services
- **Access to an Online Forum and Resources** to help your team grow
- **Mental Health First Aid Training** to better support your staff
- **Certificate IV in Leadership and Mentoring** delivered by the Australian Indigenous Leadership Centre

We can also help you connect with potential employees through our youth programs, partner organisations, and **two annual career expos** - providing you with direct access to young, motivated candidates.

READY TO GET INVOLVED? Register your business today and be part of a program that empowers both employers and young Indigenous talent in Alice Springs.
